General instructions	Correct ZB number of the dog and its parents transferred from the pedigree, do not just copy the numbers as copied from the entries; Check the entry for completeness and legibility; Check owner's membership in an association club; Check complete information on the forms and all signatures and stamps; Check association judges and Test Director before the test (performance marks included) for current listing and subject group approval in the judge list!  Fbl.2: Reason for the use of an emergency judge!, note current availability by phone number / e-mail in case of inquiries, reason for failure in words (!) Not just §§						

Fbl.2: Documenting and justifying cases for exceptions to the hunting license requirement, marking a test without the subject live duck with the letters "olE" in the relevant federal states

ATTENTION! Scores on live ducks are only taken from work using the Müller method and must be signed by three association judges of the JGHV. (Be aware of passed BP of the different federal states); with verification of differing scores, by participation in international tests, for example, the highest score is taken.

spl and sil should only be checked if the dog has demonstrated Laut on hare or fox Laut on other furred game is - if the dog received fragl. or wdl. is to be noted separately below and signed off on with the signature the Test Director.

If a dog is unable to demonstrate duck work at an oIE-VGP / VPS, he / she will receive a dash (-) in the subject Independent Search with Duck and passes by fulfilling all other minimum requirements, they will be not prize (!); only after later submission of FB 26 will they be awarded the appropriate prize.

Reports to the **Stammbuchamt** of the JGHV go to: Peggy Dornig, Kleinbautzenerstr. 4, 02694 Malschwitz dornig@jghv.de, 035932/35444

Reports to the association magazine "Der Jagdgebrauchshund" go to: Editor "Der Jagdgebrauchshund" Karl Walch, Kernerstr. 12, 74193 Schwaigern Redaktion.Jagdgebrauchshund@dlv.de, 0176/23452016
