### ADVERTISING CONTENT

You are solely responsible for the quality/content of your ad(s). All ads will be in full-color. Please provide a digital JPEG copy (a full page equals 5.125" x 8.25") of your completed ad to [rustenerae@hotmail.com](mailto:rustenerae@hotmail.com). Or if help is needed formatting/producing the ad, you can also request assistance from Rustene at [rustenerae@hotmail.com](mailto:rustenerae@hotmail.com) or 906.364.0010.

Optimal results are achieved with images printing 150 DPI at final print size. Images submitted that are larger than 150 DPI will create larger file sizes without a gain in quality. Do NOT increase resolution on submitted images as this only pixelates the image more by adding artificial pixels.
